S.K.I.L.L. - Special Force 2 - Recruit Pack

The high-value **Recruit Pack** offers these cool (and useful) items for S.K.I.L.L. – Special Force 2:

Camo Spray Giganteus FX

Use this spray on your weapon to permanently cover it in a spooky yet spectacular animation.

G36C EOTech Giganteus FX

You receive the popular G36C assault rifle with the very useful EOTech visor for seven days – already coated in the Giganteus FX camo spray. As with all temporary weapons in S.K.I.L.L. – Special Force 2, this weapon does not need to be repaired over the seven days that it is available: you save a lot of SP!

MP5K

One of the most popular submachine guns in S.K.I.L.L. is the MP5K – this pack secures you the permanent variant of the gun. The MP5K is perfectly suited for all close combat situations, for example in team deathmatch on the Hangar map!

EXP Booster (100%)

For 1 day you will get double the amount of experience points after each match when you activate this booster. Perfect for ascending the ranks quickly!

M14 TH3

This grenade is your alternative to the standard M67 grenade. The M14 TH3 sets everything within metres alight after detonation, lasting for a few seconds. It's the perfect method for stopping your enemies, especially when they need to defuse the bomb in Blasting!

How do I unlock my DLC in the game?

After purchase of a DLC pack, you will be presented with a Steam product key. Log in to S.K.I.L.L., head to the shop and go to 'Top up Cash'. This will open a window with a button labelled 'Gameforge Coupon'. Click this and follow the directions to redeem your Steam product key. The contents of the DLC pack will then appear in your inventory in the 'Gifts' section.

not working.... I bought this DLC for the permanent firegrenade, MP5 and 1 weapon skin and can recommend it (current discount on Steam 75%). Even without a discount its still cheaper than buying the items individually from the in-game shop.

I noticed several Steam reviews about users not receiving their DLC keys. For them I can recommend clicking S.K.I.L.L. in their Steam librarys, then on the right hand side there will be the option "CD Key".

After activating the key (Shop; Refill Cash; Enter coupon code) the items will appear in the Gifts section in-game.. English
For 4,99 ull get much the MP5K is kinda bad compared to other Weapons ingame but the Free permanent Camo normally costs 10 Euro alone. U can buy the DLC while having an Account in SF2 Gameforge edidion just type the Serialkey u get into the Cupon Reedeem area in Refill Cash
